### **I. CURRICULAR ASPECTS**

An effective curriculum is the means to achieve the aims of education. Therefore, the importance and the impact of curricular aspect in any educational institution cannot be overstated. Developing an appropriate and need based curricula to suit the professional and personal needs of the students is the primary task of higher education.

The institution makes sincere efforts to cater and fulfill the needs of the society by contributing in its own way to the enrichment of the curriculum. A well-planned and well-executed curriculum contributes towards the achievement of educational aims and development of desirable behavior patterns. The curriculum does not confine the teachers and the taught to mere completion of prescribed syllabus. It is not limited to theoretical aspects alone, but it should also be practical and pragmatic to the real life.

On the basis of the feedback given by the stakeholders, major revision of syllabus was done for the first year UG, PG and M.Phil. The departments were advised to introduce subjects relevant to the present context and to meet the global needs.

The teaching and the non-teaching faculties are the backbone of the institution. Teachers of our institution do not simply deliver lectures on lessons but also they carve out the niche for themselves and continue to inspire and motivate the young minds. The primary aim of the college is to encourage students to develop a spirit of independent thinking and intensive and extensive reading and learning. The dedicated team of teachers continuously suggests and makes students read books and to be sound in what they learn. The knowledge they acquire in their respective subjects is to attain and scale new heights in their academic endeavors and achieve special grades in their academic life.

college. Our professors constantly engage themselves in research works and contribute something new and valuable to the society. Ten departments in our college offer full-time and part-time research programmes to scholars, faculty of our college and to the teachers of other institutions.
