

PROGRAM SPECIFIC OUTCOMES

B.Sc. Computer Science

On successful completion of B.Sc. Computer Science Programme, the students will

PSO1:	Gain theoretical knowledge pertaining to Computer Science domain.
PSO2:	Apply skills include Procedure oriented programming, Object oriented programming, Network programming, Server programming and Mobile programming, Command line user interface and Graphical user interface.
PSO3:	Establish a strong foundation knowledge in computer science and information technology.
PSO4:	Acquire an incessant delivery of knowledge from the basics to well advanced theoretical concepts.
PSO5:	Posses the knowledge on Computer Hardware by means of the subjects like Digital Principles & applications, Computer Organization and Computer Networks.
PSO6:	Get an exposure to Computer Software and processing techniques with the aid of subjects like Operating Systems, Data Structures, Algorithms, Database Management System and Software Engineering.
PSO7:	Have an in-depth practical knowledge by means of C, Java, J2EE, VB.NET, PHP and Android programming labs.
PSO8:	Apply the knowledge attained in problem solving and application program development.

VIRUDHUNAGAR HINDU NADARS' SENTHIKUMARA NADAR COLLEGE
(An Autonomous Institution Affiliated to Madurai Kamaraj University)
[Re-accredited with 'A' Grade by NAAC]
Virudhunagar – 626 001.

M.Phil. Computer Science

On successful completion of .M.Phil. Computer Science Programme, the students will

PSO1:	This pre-doctoral research program emphasizes on development of various research and development skills in computer science domain.
PSO2:	The program lets the scholars to understand the wide aspects of research, such as literature survey, problem selection, design, implementation and analysis of results
PSO3:	The program ensures scholars to gain knowledge through theory papers in their first semester and with the help of journals.
PSO4:	The Scholars are also trained in research domain by associating them in the research projects undertaken by the research guides.
PSO5:	The program also insists the scholars to publish their dissertation work in a journal and thereby scholars get the chance to understand about publication.
PSO6:	The program makes sure the scholars after finishing this program can effortlessly pursue Ph.D. program at a later stage.
